## WHAT IS A vCISO

- Your vCISO is your external CISO – strategic security leadership without full-time cost
- Takes over end-to-end management of your organisation's cybersecurity programme
- Reports directly to management and represents the organisation on security matters

## WHAT WE COVER

### Strategy & Governance

- Cybersecurity Strategy & Roadmap
- Security Policies & Framework
- Risk Management & Reporting
- Board-Level Reporting
- Budget Planning & Optimization

### Operations & Compliance

- Incident Response Management
- Vendor & Third-Party Risk
- NIS2, ISO 27001, GDPR Compliance
- Security Awareness Programs
- Audit Coordination & Support

## WHY vCISO FROM AVSEC

- Experience across multiple sectors – energy, healthcare, fintech, public sector
- Flexibility: Part-time or full-time engagement tailored to your needs
- Immediate value: Start with a maturity assessment and 90-day action plan
- Independence: Impartial guidance without vendor technology commitments
- Continuous updates: Monitoring new threats, regulations and best practices

## HOW WE START

1. Discovery Call – Understanding needs, infrastructure and business goals
2. Maturity Assessment – Evaluating information security maturity
3. 90-Day Plan – Strategic plan with quick wins and long-term goals
4. Ongoing Engagement – Continuous strategic guidance and security management
